

FURNITURE CLEANING GUIDE

DO use a damp cloth, not wet, then, wipe dry with a clean, lint free cloth.

DO wipe in the direction of the grain (both laminate & wood veneer)

DON'T use wax based furniture polish or cleaners that can cause a cloudy build-up!

DON'T use cleaning products that contain oils or are ammonia based, as they may harm your finish.

DO use windex, or a like cleaner, which will not harm the finish, nor leave any residue.

DON'T spray any cleaning solution directly onto your furniture, spray onto the clean cloth, then, wipe the furniture.

Milton Terry Associates...more than just office furniture. *We are Commercial Interiors experts!*
